FAVORITE FOR CLASS TRIPS!

BROADWAY 101

This is the perfect introduction to Broadway, basic theatre, and creativity skills for students recently introduced to Broadway and theatre in general. Explore Broadway's historical significance as well as the training process of a Broadway actor. The group starts with physical and vocal warm-ups, followed by interactive focus/listening exercises and theatre games. (Not show specific.)

GREAT FOR CHOIRS!

MAKING MUSIC

Participants learn techniques of vocal dynamics and acting through song while working with a musical director on an arrangement of Broadway music. The group has the opportunity to perform the piece with a Broadway guest performer, followed by a question-and-answer session. This workshop offers show specific material options (some restrictions may apply).

GREAT FOR ADULT GROUPS!

BROADWAY CLOSE-UP

This talk-back session gives your group the unique opportunity to talk one-on-one with Broadway professionals about their journey to Broadway, ask questions, hear backstage stories, and learn tricks of the trade. You may request to include an actor, choreographer, lighting designer, producer, stage manager, costumer or any other of the other professional careers from Broadway. Professionals might not be affiliated with the show you are attending.
